

ADITYA SHARMA

✉ Adityaa0544@GMAIL.COM 📞 9860249710 📍 Room no 520 MIT Bengaluru, 560064 Bengaluru

Profile

I am a second year at Manipal Institute of Technology, Bengaluru, majoring in computer science engineering with aspirations of working as a software developer. I'm always eager to adapt and evolve, even if it's completely outside my comfort zone. Furthermore, I am a techie who is enthusiastic about programming. I have worked on C# Unity Blender and learned languages including Python, Java, C, C++. Currently, learning Web development and looking for opportunities to enhance my current skills, also looking to learn further in horizons of UI/UX and Software development.

Employment

Team Member Dec 2021 - Present
Project Vision, Manipal
Developed an understanding of VR, AR, MR, and XR. Explored C# language and used various tools such as Unity. learned how to build assets for Unity from scratch using 3D modelling software like Blender.

Education

College Oct 2021 - Present
MIT Bengaluru
Currently, Pursuing Degree in computer Science Engineering at manipal institute of engineering, Bengaluru.

Certificates

Coursera
Multiple certificates across a variety of computer science fields, most of which are listed under my LinkedIn profile

Courses

Coursera Present
Done courses related to C# Unity, C, C++ and Data science on Coursera

Personal details
